

ROI TRANSCRIPTION

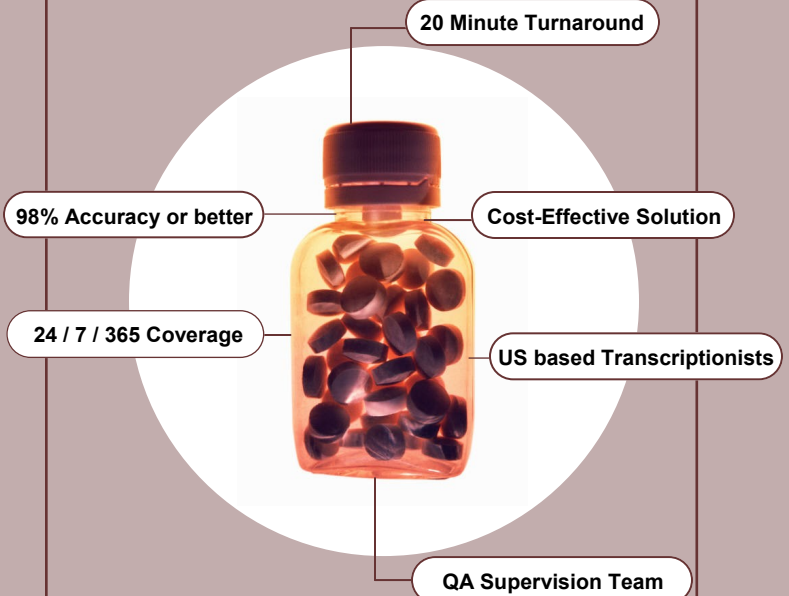

YOUR TRANSCRIPTION PRESCRIPTION

ROI Transcription is a medical transcription company providing a turnkey solution for your transcription needs. We handle every aspect of the outsourcing process from selecting a highly skilled transcription team specific to your needs, to providing all of the technical support to securely connect to your dictation system and Radiology or Hospital Information System.

Patient Health Information never leaves your facility because our transcriptionists type directly into your system. This allows for the fastest turnaround time and utmost HIPAA compliance.

Our expert technical staff can securely connect to any dictation system and Hospital/Radiology Information System. Let ROI show how quick and easy it is to set up remote, real-time transcription coverage and provide a solution to your transcription needs today.

TRANSCRIPTION HEADACHES? OUR PRESCRIPTION:

ARE YOU EXPERIENCING ANY OF THE FOLLOWING SYMPTOMS?

Slow Turnaround Time

Poor Report Quality

Inconsistent Daily Coverage

Lack of QA Supervision

Slow Response To Problem Jobs

The Question Is...

Are You Getting Your ROI?

Full Service Coverage

We dedicate a team of transcription specialists to your facility that become knowledgeable with each doctors specific protocols, procedures and format requirements. These MTs become your full time transcription staff.

Supplemental Coverage

We provide regularly scheduled as well as emergency-based supplemental transcription coverage. Our service is available to eliminate backlogs and/or cover evenings, weekends, holidays.

Voice Recognition Editing

Our highly skilled, radiology and HIM/Medical Records transcription specialists provide editing services for voice recognition and work with your department to create an accurate, timely medical record.
